SITUATION SUMMARY

Long Valley Caldera, Mammoth Lakes

- The USGS Volcano Observatory is tracking an earthquake swarm in Long Valley Caldera, which started 09/25/14 at 0400 hours. The swarm is located 7 miles east of the town of Mammoth Lakes, about a quarter mile north of the airport. From about 0400 on 09/25/14 to 00030 on 09/26 there have been more than 70 earthquakes of magnitude M2.0 and above, including 8 earthquakes between M3.0 to M3.8 that produced locally felt shaking. This is one of several earthquake swarms that have occurred in the caldera this year. There is no evidence for anomalous ground deformation associated with the swarm at this time. Despite the several felt earthquakes, this is still rather modest activity, compared with the much more energetic levels that were witnessed through the 1980s and 1990s. In that sense, it is not out of the ordinary for this geologically active area. The USGS will track this activity, and provide updates as appropriate.

Golden Gate Ferry Service Suspension

- All Golden Gate Ferry services will be suspended for one day on Friday, 09/26/14, due to a Union Coalition labor strike. There will be no ferry services operating out of San Francisco, Sausalito, or Larkspur.
- Terminal Service will be restored 09/27/14.
- All other Bay Area Ferry Services are operating normally.
- For alternate transportation to San Francisco, customers may choose to ride Golden Gate Transit buses or use various rideshare programs.

Chicago Air Route Traffic Control Fire

- A fire at the Chicago Air Route Traffic Control Center (an FAA traffic control facility in Chicago, Illinois), has resulted in flight stoppages for O'Hare International and Midway Airports. As of 0630 hours there have been cancellations of more than 200 flights. Airspace management has been transferred to adjacent air traffic facilities. There was one reported injury. There is no estimated time of reopening. No delays are indicated for California airports.

Natural Gas Leak, Stockton, San Joaquin County

- On 09/25/14 a natural gas line break in the City of Stockton near Stagg High School and The University of the Pacific (UoP) forced the evacuations of (3) apartment complexes (approximately 300 people). PG&E was able to clamp the pipe and stop the leak within a few hours and people were allowed back into their homes. No shelter was established and per San Joaquin OES, the drinking water was tested by CalWater (local water purveyor) and no contaminants were found.

SITUATION SUMMARY

Northern California Weather of Concern

- The large majority of the latest system has passed as it continues east. The low pressure bringing the winds and rain is forecast to move over the Great Basin this weekend. Scattered showers are predicted, albeit with a medium to low confidence, at times both Saturday and Sunday. The locations and timing of any rain remain to be determined. This is a cool storm so temperatures will be well below normal and it's possible the area could see light snows impacting Sierra passes above 8000 feet, such as Sonora and Tioga. Rainfall in the valleys could reach 0.50 inches through the weekend, with higher amounts possible if a band of rain holds over any one area.

Southern California Weather of Concern

- Monsoonal moisture is returning to Southeastern California. Isolated to scattered showers and thunderstorms will develop across southeast California this afternoon, with widespread showers and embedded strong thunderstorms expected this evening through Saturday. Atmospheric conditions are favorable for some fast moving, organized thunderstorms which can produce heavy rain, large hail, and strong winds. Individual thunderstorms will generally move to the north at 30 to 40 mph which will diminish the threat of flash flooding with any one storm. However, training storms are possible which could repeatedly produce heavy rain over the same local areas.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

An upper level trough will continue to move east through producing rain showers through Friday. Drier conditions are expected by the weekend.

San Francisco Weather:

Isolated showers are possible through at least Friday evening mainly across locations north of Santa Cruz County. There is also a slight chance of thunderstorms over portions of the North Bay this afternoon. Cooler than normal daytime temperatures are expected through the weekend, however, a gradual warming trend is expected next week.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Cool weather with lingering showers or thunderstorms possible, mainly over the mountains, through this weekend. Dry and warmer weather is expected next week with locally breezy wind.

Hanford Weather:

Temperatures will continue to trend downward through Saturday as a low pressure system moves through California. In addition, some light showers will be possible across the southern Sierra Nevada through Sunday with light snow possible down to 9000 feet. High pressure will bring a return of warmer and drier conditions next week.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A cooling trend and an increase in night through morning low clouds and fog will continue into the weekend as low pressure approaches from the northwest. Patchy to areas of drizzle will be possible over the weekend. Warming is expected early next week as the low pressure system moves east with weak offshore flow possible around mid-week.

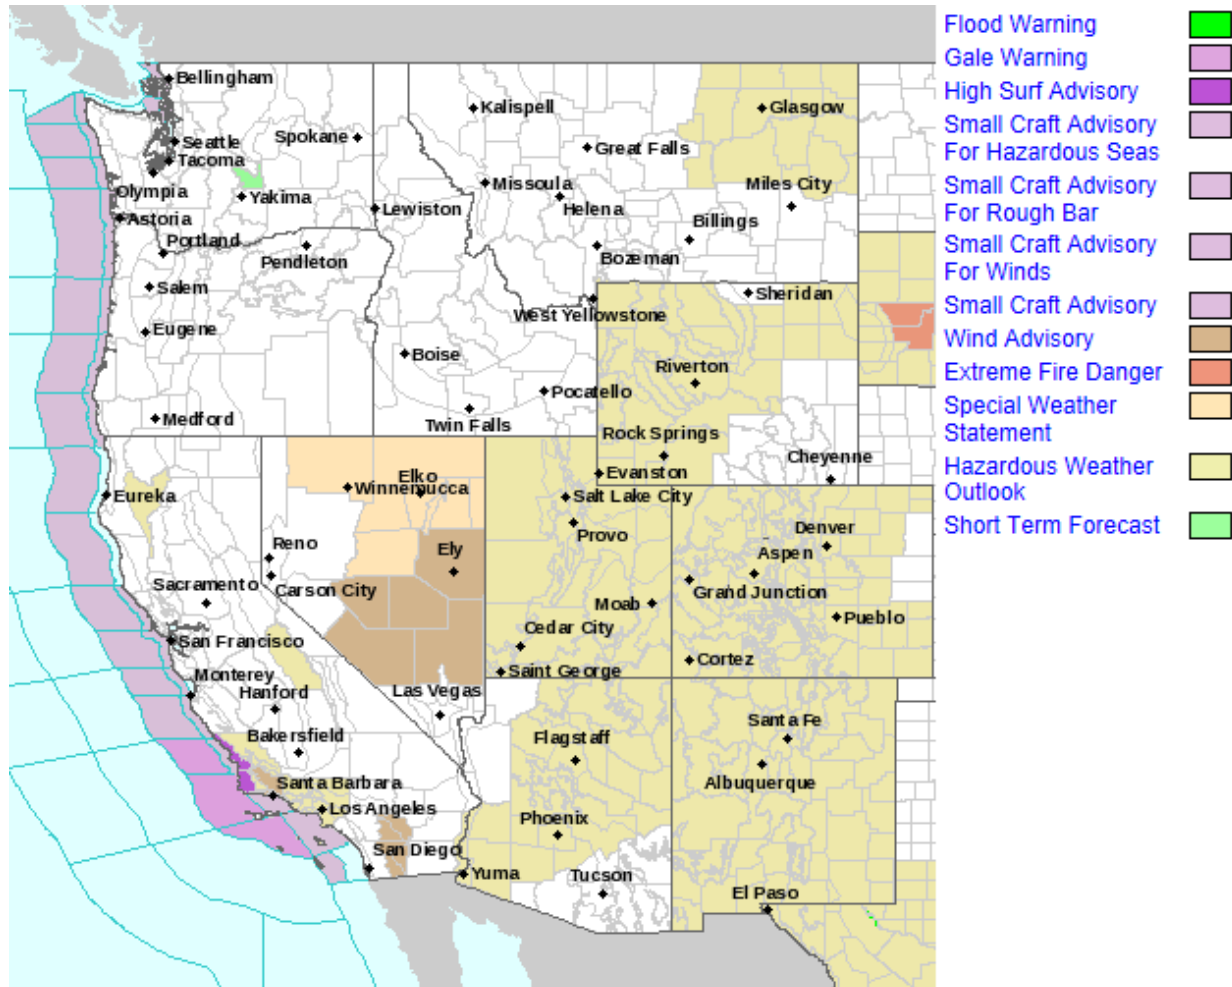

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Cooling conditions through Saturday as a trough moves inland across Central California. The marine layer will deepen tonight when low clouds will spread across the inland valley along with patchy drizzle west of the mountains Saturday morning. This trough will also bring gusty southwest to west winds over the mountains and deserts this afternoon through Saturday night. The weather will turn warmer early next week as temperatures rise to near normal once again.

Southeast California Weather:

An approaching Pacific storm will produce increasing southerly winds this afternoon through Friday. This storm will bring showers and thunderstorms Friday afternoon into the weekend. Much cooler temperatures can be expected over the weekend into early next week.

RECOVERY ACTIVITIES

Boles Incident, Vegetation Fire- City of Weed, Siskiyou County

Cal OES Deployments

- Two (2) Cal OES Assistant Fire Chiefs are assigned.
- Two (2) Cal OES Region staff are assigned.
- One (1) Cal OES Public Information Officer assigned.

Activations

- Co-Located Siskiyou County and City of Weed EOC activated at Level 2.

Shelter Operations

- [American Red Cross Shelter - Mount Shasta Armory, 618 Everitt Memorial Hwy, Mount Shasta has closed.](#)

Fire Suppression Water Issue

- The City of Weed lost one of its drinking water storage tanks and is drawing water from a second tank. Cal OES is working with the Drinking Water Program to assist with finding a solution to this issue. The State Water Quality Control Board, Drinking Water Program (DWP) has reached out to the city. Per DWP, the City of Weed water system has six reservoirs (storage tanks). The one that was damaged by the fire was one of their smallest reservoirs. There are no issues with the drinking water supply. The self-imposed boil water order in the downtown area is lifted. City is concerned with water supply to fight fires in the future. As an interim solution, water tenders are in place throughout the city to provide water for fire suppression.

Schools

- Weed High School and Weed Elementary School opened for normal operations on 09/23/14.
- The elementary school was partially damaged but staff will transfer classes to other parts of school.
- Students will be bussed through the fire zones.

RECOVERY ACTIVITIES

RECOVERY ACTIVITIES

Magnitude 6.0 Earthquake, American Canyon, Napa County

Situation

On Sunday, August 24, 2014, at 0320 Hours PST, a magnitude 6.0 earthquake struck five miles northwest of American Canyon, CA.

- The Governor declared a State of Emergency, 08/24/14.
- On September 11, 2014, the President declared a major disaster declaration in Napa and Solano Counties.

Recovery Activities

- Based on a request for additional IA information for the major disaster declaration request, IA teams conducted PDAs 09/8/14 through 09/12/14 in Napa County, the City of Vallejo, and Solano County. IA PDA teams conducted additional PDAs 9/17/14 through 9/19/14 finalizing PDAs in Napa County. [A supplement Presidential Declaration letter has been forwarded to the Director's Office.](#)
- The City of Napa website has information regarding earthquake recovery resources.
- Cal OES Recovery PA conducted the PA Applicants Briefing to advise state agencies, local governments, and private non-profit organizations impacted by the earthquake the types of assistance available and the programmatic guidelines 09/23/14.
- The deadline for potential applicants to submit the Request for Public Assistance to be considered for reimbursement for this event is 10/07/14. (20) (24) RPAs have been received to date. Several kick-off meetings have been scheduled for next week.
- The Napa Long Term Recovery Committee (LTRC) is in the process of forming its leadership, establishing policies and procedures, and identifying a Mission statement. A follow up meeting is pending.
- Cal OES IA Voluntary Agency Liaison (VAL) continues NGO coordination in Solano County. Due to the absence of local faith based and other organizations that may have resources, Solano VOAD will reach out to expand the engagement of additional nonprofit and faith based partners. Once the organizations are identified, a follow up meeting will be held in hopes of identifying key leaders interested in forming a LTR committee.
- American Red Cross Assistance Center: Napa Marriott Hotel opened on 09/01/14 from 1000 to 1900 hours for Napa and Solano County; center will be open for two weeks.
- Local Assistance Center (LAC): County and City of Napa: LAC opened on 09/08/14 at 301 1st Street, Napa (corner of 1st Street and Silverado Trail). The LAC is open until further notice.
